

CIRCLE OF TRUST RETREAT 2018

The Courage Way: Living and Leading On Purpose

A RETREAT FOR LAY AND ORDAINED PEOPLE

In our lives and leadership, being intentional in what we do so that it aligns with who we are is no easy task. This kind of integrity demands courage: the courage to be fully human, to take risks, to care deeply, and take principled action even in the midst of change and uncertainty.

What the Courage Way offers are processes of reflective inquiry within a supportive community. Together with around 20 other people, we will create a space for honest dialogue and non-judgmental listening, practicing ways of relating that will help us be more present with ourselves and others.
