Conflicts of Interest

It is the standing practice of the Diocesan Council to be advised of any conflicts of interest at the commencement of each meeting. These conflicts are recorded in the minutes.

The Royal Commission

The Diocesan Council was informed to the extent possible about the proceedings in Case Study 42 and Case Study 52.

The Office of the Bishop

The Diocesan Council was advised of the appointment of Bishop Peter Stuart to exercise all the powers and authorities of the Bishop of Newcastle with effect from 1 December 2016.

On receiving advice that Bishop Thompson had resigned as Bishop, the Diocesan Council passed the following resolution:

The Diocesan Council

- a) Gives grateful thanks to Almighty God for the ministry of Bishop Greg Thompson as the thirteenth Bishop of Newcastle.
- b) Regrets deeply and is greatly grieved that the circumstances of the past twelve months have led Bishop Greg to indicate that he will be resigning as Bishop on 31 May this year.
- c) Expresses its profound thanks to Bishop Greg for all that he has achieved amongst us over the last three years, for his generous giving of himself in this ministry and for his commitment to changing the culture of the Diocese.
- d) Assures Bishop Greg and Kerry of our continued prayers as a Diocese for their future.

Support for Survivors including Claims for Redress

The Diocesan Council has acted to ensure that appropriate processes for support of survivors are in place.

The Diocesan Council confirmed, in May 2017, that the Legal Claims expense (including the best forward estimates in relation to known claims) for the year ended 31 December 2016 would be \$4,105,046.

It confirmed its commitment to having both a Pastoral Care and Assistance Scheme and a framework for responding to claims made outside the scheme known as the Diocesan Claims Resolution Protocol.

The Bishop (or Commissary/Administrator) and the Diocesan Business Manager (or Acting Diocesan Business Manager) have the delegated authority of the Diocesan Council to approve reasonable additional financial assistance to persons who have previously entered into a Deed of Release with the Diocese.

Restoration of those Suspended under the Responsible Persons Ordinance

The Commissary advised the Diocesan Council that he anticipated, at some point a written request from a person or persons who signed the letters considered by the Royal Commission, that they be restored to a role of leadership or ministry in the Cathedral. Those responsible for making the decision at the time will seek advice from the Director of Professional Standards and will be seeking to be satisfied that the person seeking restoration:

The Diocesan Council supported the principle that those who wrote the letters will:

- a. understand, upon reflection, that their letters caused considerable harm to the Bishop, the Cathedral and others, whether intended or not;
- b. have taken appropriate steps to address that harm; and
- c. have been consistently open with others about their deeper understanding about the effect of their letters.
- d. express commitment to ensuring that the Cathedral is a safe place for all people;
- e. openly support the professional standards processes of the Diocese;
- f. affirm the importance managing risks especially by those who had been found to engage in serious misconduct;
- g. listen to, seek to understand and address the experience of those who have indicated that they found the Cathedral to be unsafe; and

- h. recognise the need to address things that cause survivors anxiety or distress.
- i. be committed to the practice of Christian discipleship summarized in the confirmation service (APBA page 93) – studying the bible, participating in the life of the church, sharing in the Holy Communion, praying faithfully and regularly, share the love of Christ and the gospel of reconciliation and hope, loving our neighbours, honour all people, praying and working for peace and justice, all in the strength of the Holy Spirit.

A de-identified report on such expenditure will be made to the Newcastle Anglican Church Corporation Board and to the Diocesan Council.

Protocols

- The Diocesan Council amended the Claims Resolution Protocol to exclude any possibility of raising a time limitation defence in the Redress Protocol for child sexual abuse

Decisions Made in Accordance with Section 91 of the Administration of Parishes Ordinance 2010

In August, the Diocesan Council resolved to exempt the Cathedral Parish from the requirement for a special parish meeting to be held before a parish council is dissolved and replaced with an alternative parish council and from such other requirements as would inhibit the Diocesan Council from dissolving the Cathedral Parish Council.

The Diocesan Council then dissolved the Cathedral Parish Council and appointed the Cathedral Board to undertake all the functions of the Churchwardens and Cathedral Parish Council; and appointed the Cathedral Chapter to exercise the functions and responsibilities assigned to the members of the Cathedral congregation as specified in the Cathedral Ordinance 2012 or the Administration of Parishes Ordinance 2010.

The arrangements under these decisions are to be reviewed in March and September each year.

Church Trust Property 2012 and Land Sale Ordinances Interpretation

The Diocesan Council confirmed that from 1 January 2016 and for the purpose of the interpretation of proceeds of sale in land sale ordinances, the proceeds of sale which go to the Exceptional Special Purposes Trust (5%), Property Acquisition Fund (9%) and Ministry Acquisition Fund (1%) will be calculated after the GST payable on the sale is deducted.

Review of a Decision Made in Accordance with the Responsible Persons Ordinance 2015

In September 2016, the Diocesan Council having considered the submission of [an applicant] resolved to advise [the applicant] that the Council considered his submission but did not resolve to vary the decision made by the Commissary with the delegated authority of the Bishop.

Use of Trusts

Endowments/Permanent Trusts decisions were made for

Georgetown

Parish Aid and Assistance

Significant Budget Variations

- The most significant variation in the period related to the legal, counselling and other costs associated with representation by the Bishop, the Assistant Bishop, the Director of Professional Standards, the Diocesan Business Manager and others before the Royal Commission. These expenditures were outlined in detail to the Special Session of Synod in May 2017.
- The Diocesan Council approved
 - expenditure up to \$200,000 to enable the engagement of suitable external consultants to assist in reviewing governance and processes that have been subject to review by the Royal Commission.
 - the sum of up to \$50,000.00 to obtain legal advice in relation to Supreme Court action or Appellate Tribunal referral in relation to the decision of the Diocese of Sydney to affiliate non-Anglican churches within the Diocese of Newcastle.
 - the payment of sitting fees to the President of the Professional Standards Board
 - a donation of \$6,000 to the Blue Knot Foundation from the Special Purposes Fund and general funds.
 - expenditure of approximately \$15,000 in consultancy fees for the Reverend Sandy Jones to assist the Bishop Nomination Board.

- the payment of professional consulting fees to the Chair of the PSC in relation to matters arising for the implementation of the professional standards review recommendations.
- certain financial arrangements made for pastoral reasons relating to clergy well-being or the support of parishes where clergy had needed additional support.
- The Council was advised that the Shared Service Arrangement for Professional Standards with the Diocese of Grafton concluded on 31 December 2016.

Parish Assessment Exemptions

The Council confirmed the exemptions which are approved for purposes of the Parish assessment in accordance with Part 9 of the Administration of Parishes Ordinance 2010.

Diocesan Finances

The Diocesan Council was engaged regularly on matters to do with the financial reports and disclosures for the Diocesan General and Budget Fund and for the TCP.

The Council approved the proposed terms for the loan between the Trustees and Diocesan Council being a loan of \$3,108,426 which will be interest only for 2016 and 2017 with interest based on the RBA Bank Accepted Bills/Negotiable Certificates of Deposit-3 months monthly average '+2%' to be levied' on the end of month balance to take effect from 1 January 2016. The loan term from 1 January 2018 is to be finalized but may possibly be for 15 years.

The Diocesan Council noted that at all times the Diocesan General Account and Budget Fund had access to the funds held in permanent and temporary trusts which were held for general church purposes and were thus able to meet payments as and when they fell due.

In July, the Council gave in-principle approval to the Draft 2018 budget and endorsed the letter from the Administrator inviting the parishes, schools and agencies of the Diocese to make submissions about the capital and income proposals to ensure the payment of redress and the sustainability of the Diocesan Budget.

Affiliation by the Diocese of Sydney of Non-Anglican Congregations in the Diocese of Newcastle

The Diocesan Council received reports on applications of two non-Anglican congregations within the Diocese of Newcastle's boundary to seek affiliation with the Diocese of Sydney. It noted in December that the actions taken by the Bishop, the Assistant Bishop and the Archbishop of Sydney have the potential to open fruitful and appropriate dialogue around the practice and process used by the Diocese of Sydney for affiliating churches.

The Diocesan Council approved a submission to the Archbishop of Sydney and the Standing Committee of the Sydney Diocesan Council.

In May it asked the Administrator to request the Primate to refer questions relating to the power of the Diocese of Sydney to affiliate churches to the Appellate Tribunal, and if the Primate was unable to for any reason it resolved to exercise the powers of the Synod delegated and refer questions relating to the power of the Diocese of Sydney to affiliate churches to the Appellate Tribunal of the Anglican Church of Australia.

Clergy Assistance Program

Approval was given for a further two years of this service with an increase in the recommended allowance to 6 sessions per person per 12 month period.

An exemption on one account was granted to Scone Grammar School.

Independent Audit Report to the Synod of the Anglican Diocese of Newcastle

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of The Anglican Diocese of Newcastle General Fund and Budget Account (the Entity), which comprises the statement of financial position as at 31 December 2016, the statement of surplus or deficit and other comprehensive income, the statement of changes in funds and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the Council Members' declaration.

In our opinion, the accompanying financial report is in accordance with the Australian Charities and Not-for-profits Commission Act 2012, including:

- (i) giving a true and fair view of the financial position of The Anglican Diocese of Newcastle General Fund and Budget Account as at 31 December 2016, and its financial performance for the year then ended; and
- (ii) the accounting policies described in Note 1 of the financial statements and the Australian Charities and Not-for-profits Commission Regulations 2013.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Entity in accordance with the auditor independence requirements of the Australian Charities and Not-For-Profits Commission Act 2012 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Australian Charities and Not-For-Profits Commission Act 2012*, which has been given to the Council Members of the Entity, would be in the same terms if given to the Council Members as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

Basis of Accounting

Without modifying our opinion, we draw attention to Note 1 of the financial report, which describes the basis of accounting. The financial report has been prepared to assist the Anglican Diocese of Newcastle General Fund and Budget Account to meet its financial reporting responsibilities under the ordinances of the Anglican Diocese of Newcastle. As a result, the financial statements may not be suitable for another purpose.

Prior Period Restatement

Subsequent to issuing the prior year financial report, the Diocesan Council and Trustees of Church Property have reconsidered the accounting treatment for some prior period transactions. Diocesan Council has determined that the prior period balances should be amended. An explanation of the restatements has been disclosed in Note 18 to the financial statements. Our audit report is not modified in respect of this matter.

Other Information

The Council Members are responsible for the other information. The other information obtained at the date of this auditor's report is included in the Council Members' report, (but does not include the financial report and our auditor's report thereon).

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Council Members for the Financial Report

The Council Members are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Australian Charities and Not-For-Profits Commission Act 2012* and for such internal control as the Council Members determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Council Members are responsible for assessing the the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Council Members either intend to liquidate the Entity or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

Notes to the Financial Statements For the Year Ended 31 December 2016

1 Summary of Significant Accounting Policies

(a) Basis of preparation

The Board have prepared the financial statements on the basis that the entity is a non-reporting entity because there are no users dependent on general purpose financial statements. These financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the Synod of the Anglican Diocese of Newcastle.

The financial statements have been prepared in accordance with the significant accounting policies disclosed below, which the Board have determined are appropriate to meet the needs of the Synod of the Anglican Diocese of Newcastle. Such accounting policies are consistent with the previous period unless otherwise stated.

The financial statements have been prepared on an accruals basis and are based on historical costs unless otherwise stated in notes.

(b) Comparative figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

Subsequent to issuing the prior year financial report, the Diocesan Council and Trustees of Church Property have reconsidered the accounting treatment for some prior period transactions. Diocesan Council has determined that the prior period balances should be amended. An explanation of the amendments has been disclosed in Note 18.

(c) Critical accounting estimates and judgements

The preparation of financial statements in conformity with Australian Accounting Standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the entities accounting policies.

Key estimates - impairment

The Council assesses impairment at the end of the reporting year by evaluating conditions specific to the entity that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

(d) Revenue and other income

The Entity recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of The Anglican Diocese of Newcastle General Fund and Budget Account's activities as discussed below.

Sale of goods

Revenue from the sale of goods is recognised at the point of delivery as this corresponds to the transfer of significant risks and rewards of ownership of the goods and the cessation of all involvement in those goods.

1 Summary of Significant Accounting Policies

(d) Revenue and other income

Interest revenue

Interest revenue is recognised as it accrues.

Rental income

Rental revenue is recognised on a straight-line basis over a period of the lease term so as to reflect a constant periodic rate of return.

Trust and Bequest revenue

Trust and bequest revenue to which the entity is the recipient is recorded as revenue when received.

All revenue is stated net of the amount of goods and services tax (GST).

(e) Income tax

The Anglican Diocese of Newcastle General Fund and Budget Account is exempt from income tax under section 50-5 of the Income Tax Assessment Act 1997.

(f) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

1 Summary of Significant Accounting Policies

(g) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call, other short-term highly liquid investments with original maturities of three months or less which are convertible to a known amount of cash and subject to an insignificant risk of change in value.

(h) Trade and other receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost, less provision for doubtful debts.

Impairment is assessed in accordance with Note 1(i).

(i) Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions of the instrument. For financial assets, this is equivalent to the date that the Entity commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss' in which case transaction costs are expensed to profit or loss immediately.

Financial instruments are subsequently measured at either fair value, amortised cost or cost.

The classification of financial instruments depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and at the end of each reporting period.

Permanent Trust Financial Assets

Permanent trust assets are financial assets that are invested in equities by Trustees of Church Property and where General Fund is beneficiary to the trust. (Refer note 8a).

They are subsequently measured at fair value through other comprehensive income as they are not expected to be realised within 12 months after the end of the reporting period.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost.

Loans and receivables are included in current assets, except for those which are not expected to mature within 12 months after the end of the reporting period.

1 Summary of Significant Accounting Policies

(i) Financial instruments

Impairment

Objective evidence that a financial asset is impaired includes default by a debtor, evidence that the debtor is likely to enter bankruptcy or adverse economic conditions. At the end of each reporting period, the Entity assesses whether there is objective evidence that a financial asset has been impaired through the occurrence of a loss event or a significant or prolonged decline in the value of the instrument is considered to indicate that an impairment has arisen.

Where a subsequent event causes the amount of the impairment loss to decrease (e.g. payment received), the reduction in the allowance account (provision for impairment of receivables) is taken through profit and loss.

Impairment losses are recognised through an allowance account for loans and receivables in the statement of surplus or deficit and comprehensive income.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expired. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in statement of surplus or deficit and other comprehensive income.

(j) Plant and equipment

Each class of plant and equipment is carried at cost less, where applicable, any accumulated depreciation and impairment losses.

Cost includes expenditure that is directly attributable to the asset.

Depreciation

The depreciable amount of all fixed assets including buildings and capitalised leased assets, is depreciated on a straight-line basis over the asset's useful life to the Entity commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Plant and Equipment	10-25% PC
Leasehold improvements	14% PC
Computer Equipment and software	20-50% PC

The Anglican Diocese of Newcastle General Fund and Budget Account

ABN 66 773 701 473

Notes to the Financial Statements For the Year Ended 31 December 2016

1 Summary of Significant Accounting Policies

(j) Plant and equipment

The assets' residual values, depreciation methods and useful lives are reviewed, and adjusted if necessary, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of surplus or deficit and other comprehensive income.

(k) Impairment of non-financial assets

At the end of each reporting period, the Entity assesses whether there is any indication that an asset may be impaired. The assessment will include the consideration of external and internal sources of information. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use to the asset's carrying value.

Assets, that have an allocated impairment loss are reviewed for reversal indicators at the end of each reporting period. After recognition of an impairment loss, the amortisation charge for the asset is adjusted in future periods to allocate the asset's revised carrying amount on a systematic basis over its remaining useful life.

Impairment losses are recognised as an expense immediately.

(l) Trade and other payables

Trade and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the Entity during the reporting period which remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

(m) Employee benefits

Provision is made for the Entity's liability for employee benefits arising from services rendered by employees to the end of the reporting year. Employee benefits are measured at the amounts expected to be paid when the liability is settled.

Contributions are made by the Entity to an employee superannuation fund and are charged as expenses when incurred.

(n) Provisions

Provisions are recognised when the Entity has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

As it is the intention not to call on the permanent trusts in the next twelve months, the Diocesan Council acknowledges and supports the past and current practice of the Trustees of Church Property to seek the best possible long term returns on the trusts by investing in a level of non-cash assets which provide for a mixture of growth and income.

16 Financial Risk Management

Mitigation strategies for specific risks faced are described below:

Interest Rate Risk

The Anglican Diocese of Newcastle General Fund and Budget Account is exposed to interest rate risk fluctuations on its cash at bank and cash on deposit.

Credit risk

The maximum exposure to credit risk at balance date to recognised financial assets, is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the statement of financial position and notes to the financial statements.

Credit risk is managed through a collection policy based on the amount, ageing and circumstances related to the outstanding amounts. The level of debt and the doubtful debts provision is reviewed regularly by the Council Members. Any debts required to be formally recovered by legal action by management are done so in accordance with the collection policy.

The Anglican Diocese of Newcastle General Fund and Budget Account does not have any material credit risk exposure to any single receivable or group of receivables under financial instruments entered into apart from inter entity and other Diocesan entity loans.

Liquidity risk

Liquidity risk arises from the possibility that The Anglican Diocese of Newcastle General Fund and Budget Account might encounter difficulty in settling its debts or otherwise meeting its obligations related to financial liabilities. The fund manages this risk through the following mechanisms:

- preparing forward-looking cash flow analysis in relation to its operational, investing and financial activities which are monitored on a monthly basis;
- monitoring undrawn credit facilities;
- obtaining funding from a variety of sources;
- maintaining a reputable credit profile;
- managing credit risk related to financial assets;
- comparing the maturity profile of financial liabilities with the realisation profile of financial assets.

Typically, The Anglican Diocese of Newcastle General Fund and Budget Account ensures that it has sufficient cash on demand to meet expected operational expenses as required.

Notes to the Financial Statements For the Year Ended 31 December 2016

16 Financial Risk Management

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices.

Net fair values

Carrying amounts of financial assets and liabilities recorded in the financial statements represent their net fair values, as determined in accordance with the accounting policies disclosed in Note 1 to the financial statements.

17 Contingent Liabilities

At the date of this report, the Diocese of Newcastle may have potential liabilities for legal claims. It is not possible to determine the amount or exact nature of potential claims, nor whether potential claims may be covered by insurance.

The Diocesan Council continues to ensure adequate funding will be made available for settlement of any potential liability arising from legal claims.

Management are currently seeking guidance from the Diocesan Council and the Diocesan lawyers with respect to these matters.

Notes to the Financial Statements For the Year Ended 31 December 2016

18 Prior Period Errors and Restatements

(a) Amendment to distribution of discretionary funds from Trustees of Church Property

In November 2015, an amount of discretionary funds was distributed from Trustees of Church Property reserves. The amount of \$4,887,564 was distributed to the Anglican Diocese of Newcastle General Fund and Budget Account.

This matter was addressed at the Third Session of the Fifty First Synod in December 2016.

Subsequent to adopting the financial report, the Trustees have considered further information and resolved to amend the distribution and instead have approved the distribution of discretionary funds of \$3,418,594 be provided as a low interest loan (bank bill rate + 2%) for for 15 years.

This adjustment of \$3,418,594 has been recorded in the financial statements as a reduction of income and therefore a reduction of the operating result and recognition of a loan payable. Net assets decreased by the same amount.

(b) Recognition of Permanent Endowments

The endowments represent funds received by the Diocese of Newcastle in the form of charitable trusts. The funds exist for specific purposes to benefit the Diocese. The Trustees of Church Property for the Diocese of Newcastle manage the investment of these funds on behalf of the Diocesan General Fund and Budget Account. Since initial recognition, the funds have been reported as part of accumulated surplus.

The accounting policy has been amended to reflect the restricted nature of the funds implied by the charitable trusts and report the Permanent Endowments as a separate component of total funds.

(c) Property Acquisition Fund Reclassification

The Property Acquisition Fund has been transferred from accumulated surplus to a reserve to identify the contribution of diocesan property sales in accordance with the Ministry Development Fund Appropriation Ordinance 2005.
